

To Whom it may Concern:

I am sincerely disturbed by the vision of Sinclair Broadcasting requiring member stations to air an anti-Kerry documentary days before the election. This is clearly a misuse of the company's use of the airwaves, which the FCC regulates for the good of the American people. Corporate political propagandizing is NOT good for the American people and I hope the FCC takes immediate steps to halt this dangerous precedent in its tracks.

In addition, this is a clear example of the dangers of media consolidation and shows why we need to strengthen media ownership rules, not weaken them.

Sincerely,

Cate Montana
